## CHILDREN'S HAIR

Keep It Clean and Free from Disease by  
Using Parisian Sage.

If you want your children to grow up  
with strong, sturdy and vigorous hair,  
teach them to use Parisian Sage, the  
world-renowned hair tonic.

Parisian Sage is guaranteed by The  
Red Cross Pharmacy to cure dandruff  
and stop falling hair in  
two weeks.  
It grows new hair quickly  
in all cases where the  
hair is thinning out.

It is pos-  
sible to have the most  
delightful and in-  
vigorating hair  
dressing on the  
market, and for that reason is a great favorite  
with women of refinement. It is not  
sticky or greasy, and will make the  
coarsest hair soft, lustrous and luxur-  
iant. Get a 50 cent bottle from The Red  
Cross Pharmacy and watch how rapid  
its action. If you do not live near a  
druggist who sells Parisian Sage, you  
can get it for 50 cents direct by express,  
all charges prepaid, from Giroux Mig.  
Co., makers, Buffalo, N. Y.

**CABOT.**  
Died, in Cabot, March 12, 1909, Miss  
Susan Atkins, aged 39 years. Sympa-  
thizing friends and neighbors nearly  
filled the audience room of the M. E.  
church Monday afternoon, March 15,  
to take a last look at the changed features  
and pay their tribute of respect to one  
who for months had borne her intense  
sufferings with the patience and fortitude  
which is only possessed by those  
whose implicit faith and trust in One  
who giveth strength to bear every bur-  
den. Miss Atkins was a graduate of  
Montpelier seminary in 1890. Later she  
taught in eight towns in Vermont and  
had entered on a year's work in Iowa  
when she was suddenly called home by  
the serious illness and death of her  
sister Lona. She also taught one year  
at the Moody school at Mt. Vernon,  
Mass., and had taught two weeks on her  
5th term at Plainfield. In May the dis-  
ease which finally proved fatal com-  
pelled her to leave the schoolroom. In  
June she underwent a serious operation  
at Brightlock hospital, St. Johnsbury.  
After seven weeks she returned to her  
home and hopes were entertained of her  
recovery, but the first of November de-  
clining health was plainly visible. The  
middle of January a council of doctors  
gave her no hope of further recovery. She  
received their decision with the courage  
and resignation of one who had long  
moved the sufficiency of God's grace.  
When three years old she began to attend  
Sunday school and at the age of 11  
joined the M. E. church. Her interest  
in the welfare of the young people, with  
whom was associated, never faltered and  
will long be remembered by those who  
have been under her instruction as a  
teacher. In consideration of the many  
beautiful flowers sent during her sick-  
ness, the request was made by the fam-  
ily that none be given for the funeral.  
This was not altogether heeded, as sev-  
eral floral tributes were furnished,  
among them a cluster of cream roses  
from the Sunday school class of which  
she was a member. Dr. A. L. Cooper,  
an uncle of the deceased, officiated at  
the funeral, assisted by Rev. F. E. Cur-  
rier, her pastor. Her remains were laid  
to rest beside those of her father and  
sister in the family lot in Lower Cabot  
cemetery.

## CABOT.

Before filling a vacancy on the Brattle-  
boro board of listers last week, the se-  
lection offered the place to former At-  
torney General C. C. Fitts and urged him  
to accept it. In a recent address before  
a society of Vermonters in Springfield,  
Mass., Mr. Fitts stated that \$3,000,000  
worth of property in Brattleboro escaped  
taxation every year. In view of this  
statement, the selection considered Mr.  
Fitts the logical person for lister, but he  
declined for lack of time.

It used to be said after a prisoner  
escaped from the old Windham county  
jail at Newfane that the building needed  
a new coat of whitewash. A new jail  
was built and every prisoner confined  
therein for six months past has escaped,  
three in October and two last week. It  
is thus apparent that the new jail is  
not all that it ought to be. It is heated  
by wood stoves and the prisoners find  
the firewood very convenient in wrench-  
ing off window bars. Fine saws are also  
believed to be smuggled in through the  
contents of the wood box.

The Joseph River who is charged with  
kidnaping a girl in Windsor county is  
the same Joseph Rivers who was a well  
known character in Middlebury for sev-  
eral years prior to his sentence in 1905  
for adultery. He was the chief witness  
against an Addison county man who was  
sent to state prison for a term of three  
years' sentence and before that man had  
served his time, Rivers was there to  
keep him company on a similar charge.  
Mr. Rivers was always a pious appearing  
fellow in Middlebury.

William Grover Chandler, a long time  
resident of Hartford, died at the resi-  
dence of his granddaughter, Mrs. Angus  
McAulay, in the village of Wilder last  
week, at the advanced age of 93 years.  
Mr. Chandler was a native of Hanover,  
N. H., but came to White River Junction  
many years ago, becoming a prosperous  
farmer and large landholder upon Chris-  
tian street. He held several town offices  
and was frequently called upon to settle  
disputes of his neighbors and was in every  
respect a man of marked honor and sagacity.  
His wife died several years ago. He  
leaves one son, Albert B. Chandler of  
Connecticut. The past few years he  
had made his home with his granddaugh-  
ter, Mrs. McAulay. Death resulted from  
old age chiefly, and was preceded by a  
sickness of a few weeks. The funeral  
was held at the Congregational church in  
Wilder Sunday at 2:30 p. m.

There is more Catarrh in this section of the  
country than in any other disease put together,  
and until the last few years was supposed to be  
incurable. For a great many years doctors  
pronounced it a local disease and prescribed  
local remedies, and by constantly failing to  
cure with local treatment, pronounced it in-  
curable. Science has now discovered that it is  
constitutional disease and therefore requires  
constitutional treatment. Hall's Catarrh Cure,  
manufactured by F. J. Cheney & Co., Toledo,  
Ohio, is the only constitutional cure on the  
market. It is taken internally, and acts directly on

## ABOUT THE STATE

Chester grangers have purchased a lot  
near the depot and will build a hall this  
coming summer.

It is expected that the freezing of ice  
by the new company at St. Johnsbury  
will be begun this week.

It is time to read of golf in Manches-  
ter. The greens keeper of the Ekanow  
Country club is ready for business.

Prices in the Bristol market Saturday  
ruled as follows: Eggs, 18c; butter, 25c  
to 30c; potatoes in light supply, 70c  
bushel.

The boy choir has been revived at the  
North Congregational church in St.  
Johnsbury with Mr. and Mrs. R. C. Pet-  
ers as leaders.

The Pollard Manufacturing company,  
which was burned out at Chester March  
24, has secured temporary quarters and  
will put in 25 machines to furnish work  
for a few of its hands until a new fac-  
tory can be built.

Some sugar orchards in the mountains  
will not be tapped until this week. The  
season is 10 days later than last spring  
in Windham county. The syrup there  
is very light colored and is bringing \$1.25  
per gallon, being of excellent flavor.  
Snow four feet deep among the trees  
is reported in many places throughout  
the state.

## SAYS PEOPLE NEED NOT FEAR.

**Vermont's Cattle Commission Talks**  
About Tuberculous Cattle.

Bennington, April 6.—State cattle com-  
missioner Henry S. Wilson of Arlington  
does not believe the people of Vermont  
are in danger of using meat that is unfit  
to eat because of the change in the laws  
governing his department, made by the  
recent legislature and providing that the  
commissioner may arrange with a ren-  
dering plant and fertilizing manufactory  
or slaughter house for the disposition of  
the carcasses of cattle that have been  
killed after responding to the tuberculin  
test.

In this connection, Mr. Wilson says:  
There is a difference between tubercu-  
losis from a cow that is tuberculous and  
tuberculous meat. A cow may be tuber-  
culous, and yet the meat may be fit for  
food in certain parts of the body. That  
is for the government inspectors to de-  
cide when a condemned cow is brought  
to the slaughter house.

"The law regarding the disposition of  
condemned cattle provides that before  
the meat can be sold for food it shall  
be examined by a United States govern-  
ment inspector. If the inspector decides  
that the meat is unfit for food, the car-  
cass must be disposed of at a rendering  
plant. The law also provides that the  
condemned meat can be sold only to  
slaughter houses at which a government  
official inspects."

Mr. Wilson is especially pleased with  
the results already attained through the

## THE PEOPLE ALL

In Chronic Cries, Give Us Newborn's  
Herdicide.

This word of late has been in every-  
one's mouth, and most wondering  
what the word signifies, though no one  
has yet been found, who will deny that  
NEWBORN'S HERPICIDE does the work.  
Well, for the information of thousands of  
people who like to know all about a good  
thing, we would say that HERPICIDE  
means, a destroyer or killer of "Herpes".  
Now "Herpes" is the family name of a  
disease caused by various vegetable par-  
asites. A similar disease causes dan-  
droil, itching scalp, and falling hair; this  
is the disease that NEWBORN'S HERPICIDE  
promptly destroys; after which the hair  
grows. Sold by leading druggists.  
Send 10c in stamps for sample to The  
Herdicide Co., Detroit, Mich.

new practice of tagging all cattle that  
have been tested and proved sound by  
the administration of tuberculin. "Tag-  
ging the cattle," he says, "gives the farmer  
an opportunity to obtain better prices  
for his stock and also protects the pur-  
chaser. Before the statute providing for  
the use of tags was enacted the buyer  
had only the word of the farmer that  
the herd was sound. The veterinarian  
who made the test has always been ac-  
customed to give a certificate, but the  
farmer had an opportunity to make addi-  
tions to the herd and the certificate did  
not protect the purchaser. Now, unless  
a cow has one of the state tags in its  
ear, the prospective purchaser knows  
that the animal has not been recently  
tested for tuberculosis."

## EXCITING RACE TO CATCH TRAIN.

**Millionaire Finally Gets Special to Go**  
to Injured Wife in New York.

Middlebury, April 6.—George C. Pease  
of New York City, who has a summer  
home in Canton, had an exciting ven-  
ture Friday night. He arrived at Ver-  
mont from Canton, where he had been  
for fourteen miles only to find that the  
train for New York, due there at 9:15  
did not stop. He therefore drove to  
Middlebury, but arrived six minutes af-  
ter the departure of the train.

Mr. Pease telephoned the Rutland  
railroad headquarters at Rutland. The  
leading officials at Rutland were in-  
formed that he was on his way to New  
York for the night, but one of them was  
aroused after some delay. Mr. Pease's  
case was explained to him, stating that  
Mr. Pease had to be in New York City  
at 10:00 Saturday. The official stated  
that he could not help that, that Mr.  
Pease was unknown to him, so that he  
could not send him a special train. Mr.  
Pease denounced the railroad company  
and told the local operator to inform  
the railroad officials at Rutland that he  
would deposit his pearls, rings, watch,  
dress suit case and trunk as security.

After an hour's delay he was informed  
that if he deposited his case he could  
have the special train, one would im-  
mediately leave Rutland, go to Middlebury  
and carry him as far as Albany for  
\$287. Mr. Pease gave a check for that  
amount. The train left Rutland and ar-  
rived here at 5:30, leaving ten minutes  
later with Mr. Pease on board. Mr.  
Pease stated that he had been called to  
New York City to consult with Dr. Joseph  
Winters, relative to an injury his wife  
received while in a runaway accident.

**A New Pastor at Pownal.**

April 6.—The Rev. Harry  
Gardner Mohr, the new pastor of the  
Baptist church here, began his pastoral  
duties Sunday. He is a native of Brook-  
lyn and was educated in that city. His  
last pastorate was a Chichester, Mass.

**ECZEMA VICTIM SAVED**  
AFTER THIRTY YEARS

Wintergreen Compound Stopped Itch at  
Once—Disease Soon Disappeared.  
After dosing the stomach for years  
and trying all kinds of alleged cures  
for eczema, Mr. M. T. Firman, reports  
a perfect cure. He simply washed the  
skin with an oil of wintergreen com-  
pound, mixed with thymol, glycerine,  
etc.

Mr. M. T. Firman, for the last 20 years  
in the employ of the C. S. Daniels Furni-  
ture Co., of Wichita, Kan., writes:

"Eczema first appeared on my body  
when I was a child 8 years of age. For  
thirty years I have suffered with it and  
scratched and doctored. It drove me  
wild."

"The disease covered my entire body  
and my scalp by my toes. My doctor  
and my friends all gave me up as incur-  
able."

"Then I commenced using the D. D. D.  
Remedy. The first application stopped  
the horrible itching and gave me a  
night's sleep. It gave me strength and  
hope. I continued growing better."

"I kept up the treatment for months  
and am now entirely cured, excepting  
a little roughness on my left ankle."

Having personally known of many  
chronic cases, we have gained great con-  
fidence in D. D. D. Prescription. Rickett  
& Wells, Barre, Vt.
